## Our Hotels

Our modern rooms are thoughtfully edited to maximize form and function. Every square-inch has been shaped with careful intention as a canvas for you to personalize with your own taste, for your own purpose and with your own passions. We celebrate the freedom of choice and believe that experience is the most essential amenity.

## Food/Drink

Our restaurants and bars are neighborhood hangouts where friends come with friends and leave with new ones. Casual communal spaces are designed as an open invitation to connect, laugh and share over delicious food and well-made drinks.

Our celebrated chefs are driven by a passion to create exceptional meals with quality ingredients and culinary experiences that bring us together, whether it's for a quick bite or a three-course feast.

As your host, our job is to make sure you have a good time. From outdoor patios to rooftop terraces, music lounges to lively events, our bars are filled with friends and neighbors enjoying themselves over craft beers, fine wine and deftly-mixed cocktails.

## Partnerships

Our partners, the makers and shakers of the creative class, foster community within our walls by engaging like-minded locals and guests in conversation and collaboration. Using our spaces as a backdrop and a stage, they share their expert insights into various fields, entertain with their artistry and fuel the passions of others with inspiring workshops.

## Featured Events

Whether it's a live performance from an emerging artist, a bootcamp class, pop-up product demo, our weekly comedic variety show or a crowd-sourced art project, bespoke events at tommie are designed to connect kindred spirits, spark creativity and nurture ideas.

## Meetings & Events

Meetings are about bold ideas, experimentation, collaboration and novel solutions. We provide flexible, tech-friendly venues, onsite support and hearty sustenance (aka lots of freshly-brewed coffee) to help project teams get the job done well. Our dynamic, modern spaces can be customized to host both intimate gatherings and elaborate events.

## Our offers

We source innovative partners and local finds to create custom experiences to enhance your stay, from wellness and cultural pursuits to culinary adventures and urban exploring.
